SUMMARY

Computer Science Engineering Student and **Project Manager** specializing in **Full Stack Web Development** (MERN Stack). Successfully delivered 24+ freelance projects across diverse industry domains. Proficient in **C++**, **React**, and **Next.js**. Solved 250+ **LeetCode** problems, showcasing advanced proficiency in **Data Structures and Algorithms (DSA)**. Dedicated to building and deploying high-performance, scalable web applications.

EDUCATION

Bachelor of Technology (B.Tech) in Computer Science and Engineering Aug 2023 – Jun 2027
KR Mangalam University, Gurugram, Delhi NCR

Higher Secondary Certificate (12th Grade Science) Apr 2021 – Mar 2022
S Tulsi Inter College, Rajapur, Near Prayagraj, Uttar Pradesh

SKILLS

- **Languages:** C++ (Intermediate), JavaScript (ES6+), TypeScript, Python, SQL.
- **Web Development:** React, Next.js, Node.js, HTML5, CSS3, Tailwind CSS, WordPress.
- **Backend and Databases:** MongoDB, MySQL, Firebase Authentication, REST APIs.
- **Tools and Platforms:** Git, GitHub, VS Code, Postman, Linux (Basic), Bash / Shell, CLI, Cloudflare.
- **Core Concepts:** Data Structures (DSA), Object-Oriented Programming (OOP), SDLC, SEO, Prompt Engineering.

EXPERIENCE

Project Manager Intern Jun 2025 – Aug 2025
SenpaiHost (Remote)

- Orchestrated web development lifecycles for 10+ concurrent projects, translating client requirements into technical execution plans, improving delivery efficiency by 20%.
- Directed project timelines and resources across a 5-member team, ensuring 100% on-time delivery of scalable web solutions.
- Conducted comprehensive code reviews and quality assurance checks, resulting in a 15% decrease in post-deployment bug reports.

WordPress Developer Intern Aug 2024 – Sep 2024
SenpaiHost (Remote)

- Built dynamic WordPress websites, integrating custom themes and plugins for 5+ major client accounts.
- Upgraded website performance and caching mechanisms, reducing page load times by 40% and significantly boosting SEO rankings.
- Collaborated with cross-functional teams to implement responsive layouts, increasing mobile user engagement by 25%.

Freelance Web Developer Jan 2020 – Present
Self-Employed

- Produced 24+ full-stack web projects for diverse clients, creating custom features and accelerating business processes by 25%.
- Spearheaded SEO strategies and DNS management across 15+ domains, boosting organic search traffic by 30% and ensuring 99.9% server uptime.

PROJECTS

Unified College Interaction System - React, Node.js, MongoDB [Source Code](#)

- Architected a central portal for academic resources, facilitating communication for over 1,000 students and faculty members.

- Integrated secure user authentication and real-time data fetching using RESTful APIs, reducing manual administrative queries by 40%.

Multi-Search Extension - *JavaScript, Browser API*

[Source Code](#)

- Conceptualized a productivity-improving browser extension enabling parallel queries across 5+ search engines.
- Boosted search efficiency by aggregating results in a single click, achieving a 4.5+ average rating and increasing user productivity by 20%.

KRMU Search Engine - *HTML, CSS, JavaScript, API*

[Source Code](#)

- Systematized a custom search engine for university resources, utilizing external APIs to process data in under 500ms.
- Refined search algorithms to improve data retrieval speed by 35% and accuracy for campus students.

Video Speed Controller Extension - *JavaScript, Browser API*

[Source Code](#)

- Constructed a cross-browser extension allowing manipulation of HTML5 video playback speed beyond default limits.
- Published on the Microsoft Edge Add-ons store, gaining 200+ active daily users and a 4.8/5 rating.

Real-time Object Detector - *Deep Learning, Computer Vision*

[Source Code](#)

- Deployed a computer vision dashboard to identify and track live subjects via video feeds, accelerating recognition speed by 30%.

CERTIFICATIONS

- **LeetCode:** Solved 250+ problems and earned the "100 Days Badge 2025" for coding consistency.
- **Research Paper:** "Innovative Systems and Ethical Data Practices" issued in IJSREM (Oct 2024).
- **Cybersecurity Analyst Job Simulation:** Tata Group (Forage, Apr 2025).
- **Career Skills Certification:** Introduction to Software Development via LinkedIn (Jun 2024).
